

I want rules in place that serve the public, rather than private, interest. The proposed Docket - 02 - 277 will threaten the American public's access to information. This policy decision will further marginalize diverse viewpoints within the mainstream media. The market strategies of large media conglomerates should not drive or determine public policy. I oppose taking a vote that leads to more media consolidation. On June 2nd, I urge you to retain the current ownership rules.
